## Pet Project Style Tile

Possible Colors:

The colors chosen are meant to remind the user of fire and nature, but not be so sharp they take away from the content of the website and are distracting.

Possible images:

Wider images would be good for header backgrounds, and general pictures of bushfires are good visual aids.

Fonts:

- Arial: Possible font for body content
- Sans: Possible font for header content/ headings
  - **HEADERS LIKELY BE IN ALL CAPS AND BOLD**
  - *SUBHEADERS IN ALL CAPS AND ITALICS*
